Mission: To serve, foster and strengthen community by providing access to lifelong learning, opportunities to enjoy life, ensuring a diverse range of housing opportunities and preserving healthy neighborhoods.

A strong community that celebrates life and learning is one in which residents enjoy and appreciate their lives, embrace diversity, and feel good about where they live. The Neighborhood Services program serves, fosters, and strengthens community by providing access to lifelong learning and opportunities to enjoy life. Special attention is given to serving individuals, families, groups, and their neighborhoods in ways that support and maintain positive social connections.

These connections build capable communities and the qualities of life that make San José a desirable place to live. To the residents looking out of their front doors, this means their neighborhoods are clean and safe, and they and their families can enjoy nearby parks, community centers, libraries, and a diverse range of recreational, arts, and cultural opportunities.

In November 2000, voters in San José approved a \$228 million bond measure for park and recreational facility improvements and a \$212 million bond measure for library facility improvements. As a result of these bond measures, major investments in the City's libraries, parks, and community centers have been made over the past several years. These bond-funded projects will continue through the end of this decade and will transform these public facilities to meet the needs of our community. In the two bond programs, this Five-Year Capital Improvement Program (CIP) allocates \$137.0 million towards Park improvements and \$96.8 million towards Library improvements.

CSA CAPITAL PROGRAMS

- Library Capital Program
- Parks and Community Facilities Development Capital Program

City Service Area Neighborhood Services

Recent Accomplishments

- 83 of the 95 voter-approved Park Bond projects have been completed, awarded or are under construction as of December 2005.
- Five branch libraries are under construction and five are in the design phase as part of the Library Bond program.
- Completed the Rose Garden Branch Library and the Almaden Community Center and Branch Library.
- Completed the Almaden Lake Park Phase I, Camden Community Center, Southside Community Center, and Berryessa (Morrill) Community Center.

Program Highlights

Library Capital Program

2007-2011 Proposed CIP: \$137.2 million

Library Bond Projects in CIP: Buildout will be completed with the opening of three new branches and ten expanded/relocated projects.

Acquisition of Materials/Automation Efforts: \$15.9 million for new library materials and \$5.8 million for automation projects and system maintenance.

Parks and Community Facilities Development Capital Program

2007-2011 Proposed CIP: \$391.3 million

Parks and Recreation Bond Projects in CIP: Over the next five years funding is included in the Parks and Recreation Bond Projects Fund to complete two new sports parks, renovate or build four community centers, complete the renovation of Emma Prusch Memorial Park, complete the expansion of three trail projects, and complete the renovation and expansion of the Happy Hollow Park and Zoo.

Trails Development: \$7.5 million is programmed over the next five years for the development of trails.

Park Trust Fund: Several projects are funded (or partially funded) in the Park Trust Fund (which is supported by Parkland Dedication Ordinance and Park Impact Ordinance fees), including the Bascom Community Center, Berryessa Creek Park, Butcher Dog Park, Calabazas Park Improvements, Cinnabar Commons Park Development, Citywide Skateboard Park Development, Fernish Park Renovation, Happy Hollow Park and Zoo Phase II Renovations, Hester Park Renovation, Mayfair Center Pools, Penitencia Creek Park Dog Park, Roosevelt Center Gymnasium Design, Solari Community Center, and Wallenberg Dog Park.

CSA OUTCOMES

(Supported by the Capital Programs)

- ✓ Safe and Clean Parks, Facilities and Attractions
- ✓ Vibrant Cultural, Learning and Leisure Opportunities

City Service Area Neighborhood Services

Performance Measures

A set of consistent and comprehensive performance measurements along with targets and goals have been established for the entire capital program and adopted for each individual CSA. Measures have been established for four key areas: schedule (cycle time), cost, quality, and customer satisfaction. Please see the Budget Guide section narrative for additional information on capital performance measurements.

***Outcome:* Safe and Clean Parks, Facilities, and Attractions**

5 Year Strategic Goals		2007-2011 5-yr Goal	2005-2006 1-yr Target	2005-2006 Estimate	2006-2007 1-yr Target	2007-2008 2-yr Target
Neighborhood Services CSA delivers quality	1. % of CIP projects delivered* within 2 months of approved baseline schedule	85%	85%	65% (32/49)	85%	85%
Capital Improvement Program (CIP) projects on-time and on-budget	2. % of CIP projects that are completed within the approved baseline budget **	90%	90%	74% (14/19)	90%	90%
	3. project delivery costs (exclusive of city-wide overhead) as % of total construction cost for completed projects with construction costs: **					
	less than \$500,000-	31%	31%	33%	31%	31%
	between \$500,000 and \$3M-	23%	23%	46%	23%	23%
	greater than \$3M-	15%	15%	39%	15%	15%
	Total (all construction costs)-			40%		
	4. % of operations and maintenance divisions rating new or rehabilitated capital facilities as being functional and sustainable after first year of use	80%	80%	65%	80%	80%
	5. % of customers rating new or rehabilitated CIP projects as meeting established goals (4 or better based on a scale of 1-5)	85%	85%	70%	85%	85%

Notes:

* Projects are considered to be “delivered” when they are available for their intended use.

** Projects are considered to be “completed” when final cost accounting has occurred and the project has been accepted.

In 2005-2006, the Neighborhood Services CSA delivered an estimated 32 of the 49 (65%) projects within two months of the approved baseline schedule, which is below the one-year target of 85%. Many of the projects in this CSA require extensive community input, which has often resulted in significant redesign and rescoping of projects. In addition, numerous project schedules have been impacted by unseasonably wet weather, which has caused construction delays as crews wait for construction sites to dry out.

City Service Area **Neighborhood Services**

Performance Measures (Cont'd.)

An estimated 14 of the 19 (74%) projects accepted this fiscal year were delivered within their original baseline budget. As discussed earlier, extensive time in finalizing project scopes during the project feasibility phase or changes in project scopes after a project is under design were the major reasons projects went over budget. This CSA is working to improve the schedule and cost estimating processes to strive to meet performance targets. As a result, no changes in the on-time or on-budget targets for 2006-2007 or 2007-2008 are currently recommended.

The City changed to a new accounting system during the last few years allowing project expenditures to be accounted by phases and enabling project delivery costs to be calculated. Results have been calculated based on the projects accepted so far in 2005-2006 for which data is available under the new cost accounting structure. Scope changes and extra time spent re-designing projects tend to increase delivery costs. Based on these results, staff will continue to identify opportunities to make improvements to project delivery in order to bring delivery costs more in-line with targets.

Operations, maintenance, and customer satisfaction surveys were conducted this year. Because these performance measurements are relatively new, staff conducted surveys on a representative sample of projects. Approximately 20 surveys were conducted with operations and maintenance staff on projects that reached beneficial use in 2004-2005. Overall, operations and maintenance staff rated 65% of the new and rehabilitated projects as being functional and sustainable after the first year of use.

In addition, customer satisfaction surveys were conducted on 20 Neighborhood Services CSA projects that reached beneficial use in 2005-2006. Overall, public customers rated 70% of the new or rehabilitated projects as meeting a 4 or better (on a scale of 5) on established goals or scope of the project.

Survey results in both categories are improving from last year's performance. With the new survey data, staff will meet with operations and maintenance staff as well as public groups regarding their project feedback to determine what type of improvements could be incorporated into future projects.
